Multi-Language Quick Installation Guide (QIG) on the CD

Čeština: Českého průvodce rychlou instalací naleznete na přiloženém CD s ovladači.

Deutsch: Finden Sie bitte das deutsche S.A.L. beiliegend in der Treiber CD.

Español: Incluido en el CD el G.R.I. en Español.

Français: Veuillez trouver l'français G.I.R ci-joint dans le CD.

Italiano: Incluso nel CD il Q.I.G. in Italiano.

Magyar: A magyar telepítési útmutató megtalálható a mellékelt CD-n.

Nederlands: De nederlandse Q.I.G. treft u aan op de bijgesloten CD.

Polski: Skrócona instrukcja instalacji w języku polskim znajduje się na załączonej płycie CD.

Português: Incluído no CD o G.I.R. em Portugues.

Русский: Найдите Q.I.G. на русском языке на приложеном CD.

Türkçe: Ürün ile beraber gelen CD içinde Türkçe Hızlı Kurulum Kılavuzu'nu bulabilirsiniz.

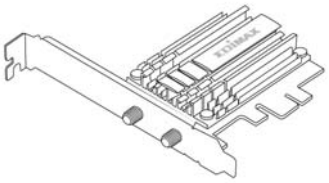
Українська: Для швидкого налаштування Вашого пристрою, будь ласка, ознайомтесь з інструкцією на CD.

Română: Ghid de instalare Rapidă în limba Română în interiorul CD-ului.

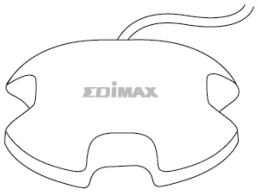
I. Informações sobre o produto

O EW-7822PIC é um adaptador Wi-Fi PCIe, banda dupla, 11ac de 2,4 GHz e 5 GHz para computadores de secretária.

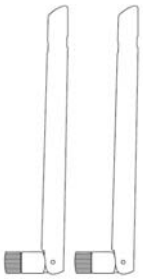
I-1. Conteúdo da embalagem



EW-7822PIC



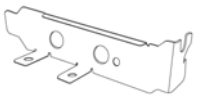
Base da antena



Antenas x 2

CD-ROM

QIG



Suporte discreto

I-2. Estado do LED

Estado	Descrição
Intermitente	Actividade de Wi-Fi: a transferir ou receber dados.

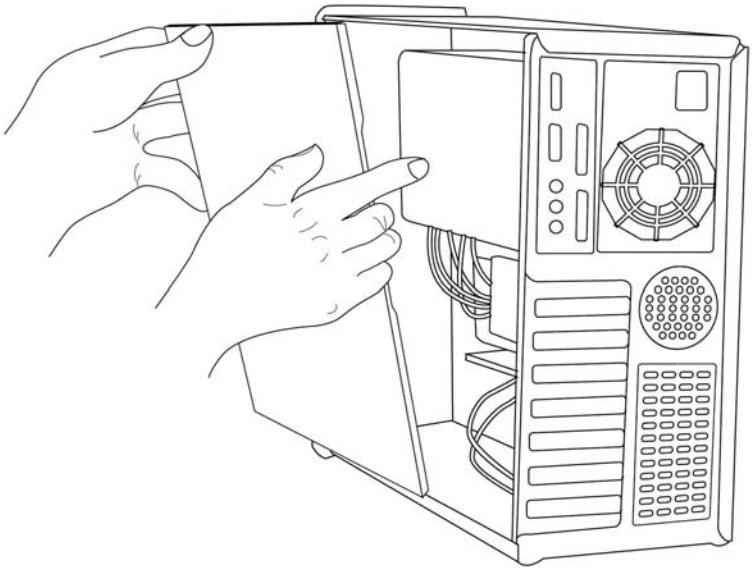
I-3. Requisitos do sistema

- Windows XP/Vista/7/8/8.1
- Disco rígido: 100MB
- Unidade de CD-ROM
- Ranhura de PCIe não ocupada

II. Instalação do hardware

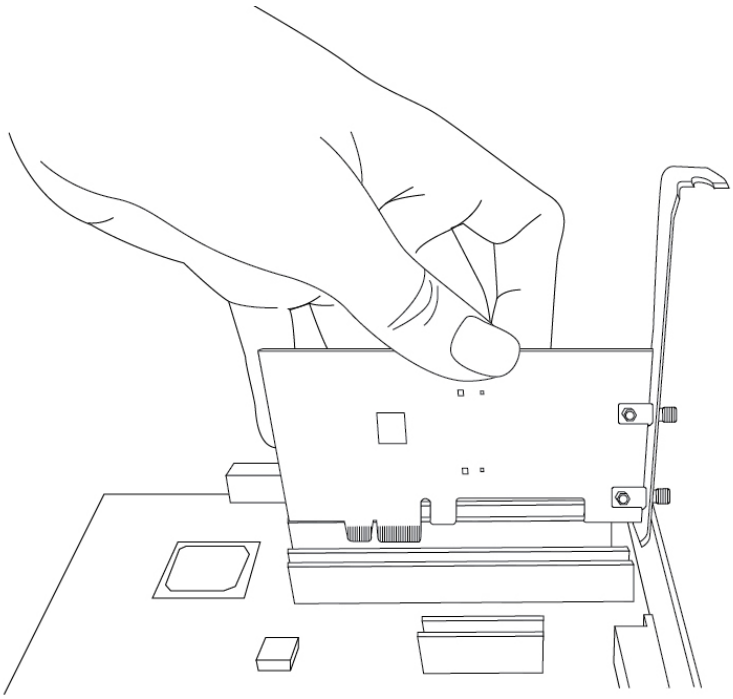
1. Desligue ou retire o computador e retire a tampa.

Consulte o manual do utilizador do computador se não tiver a certeza como deve retirar a tampa e localizar uma ranhura de PCIe.

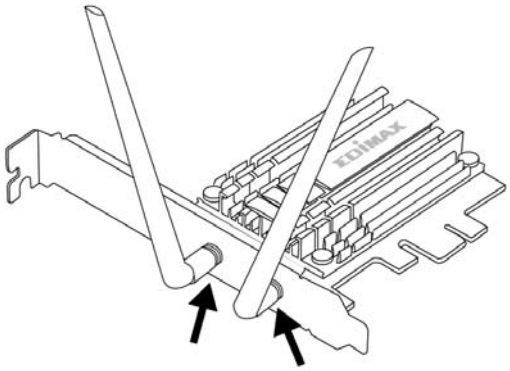


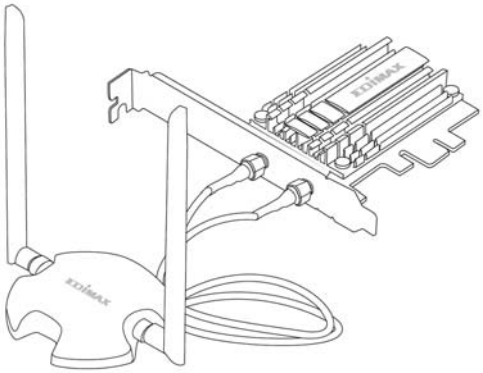
2. Insira a placa de rede sem fios numa ranhura de PCIe não ocupada.

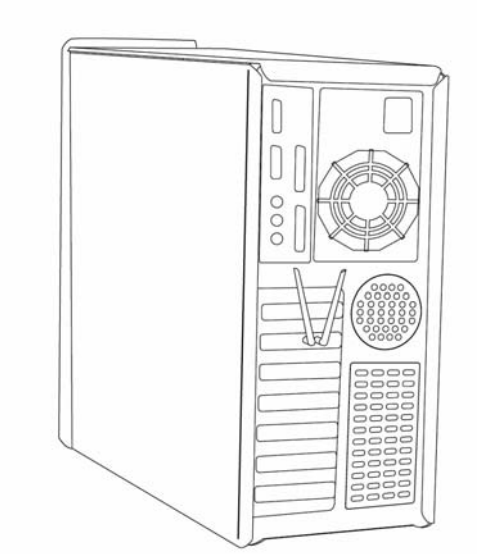
A embalagem inclui também um suporte PCIe discreto.

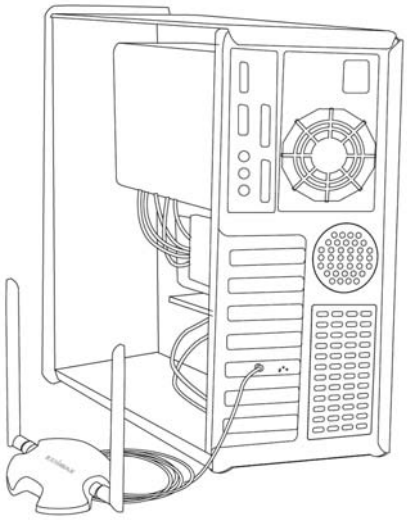


3. Volte a instalar a tampa no computador e aparafuse as antenas incluídas directamente na placa de rede sem fios ou utilize a base da antena fornecida.

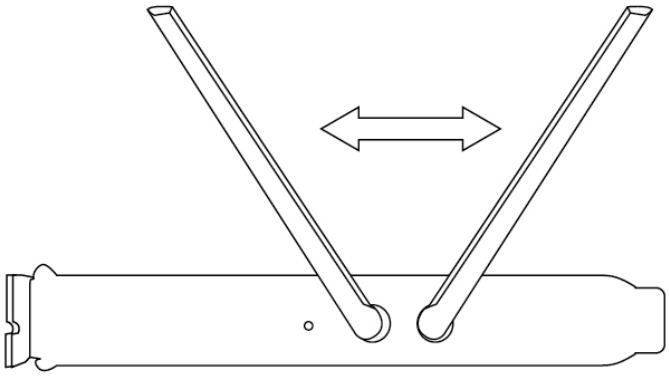








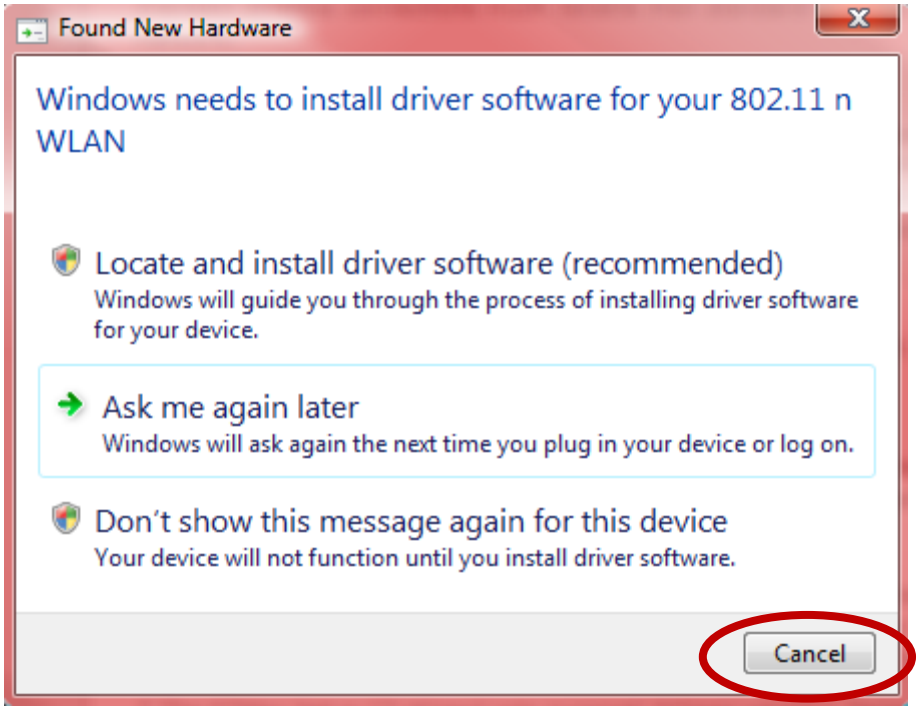
4. Se necessário, pode ajustar a posição da(s) antena(s) para usufruir de uma melhor recepção sem fios.



III. Assistente de configuração

III-1. Instalação do controlador

1. Ligue o computador. Se o assistente do Windows “Found New Hardware” (Novo hardware encontrado) for apresentado, feche-o.



Found New Hardware
Windows needs to install driver software for your 802.11 n WLAN
Locate and install driver software (recommended)
Windows will guide you through the process of installing driver software for your device.
Ask me again later
Windows will ask again the next time you plug in your device or log on.
Don't show this message again for this device
Your device will not function until you install driver software.
Cancel

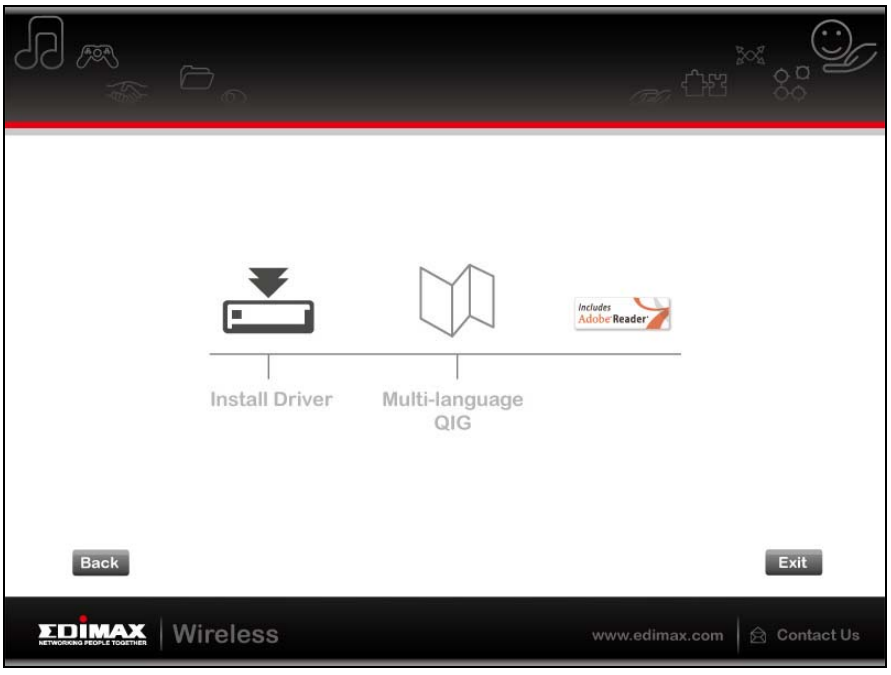
2. Insira o CD-ROM incluído na unidade de CD do computador.

O assistente de configuração também está disponível para transferência no Website da Edimax.

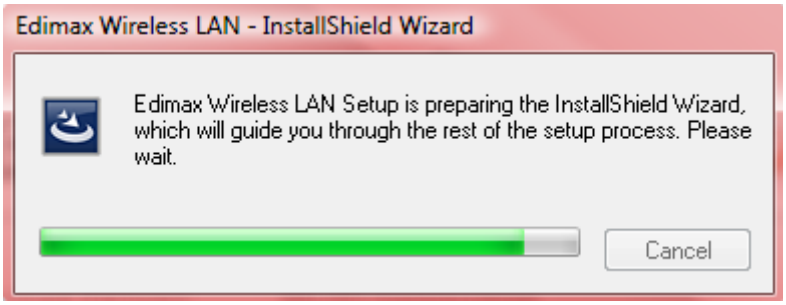
3. O assistente de configuração é apresentado, como indicado abaixo. Clique no adaptador PCIe sem para continuar.

Se o CD não for executado automaticamente ou se transferiu o assistente de configuração, vá para a pasta “Autorun” (Execução automática) no CD.

4. Clique em “Install Driver” (Instalar controlador) para continuar a instalar os controladores do modelo EW-7822PIC.

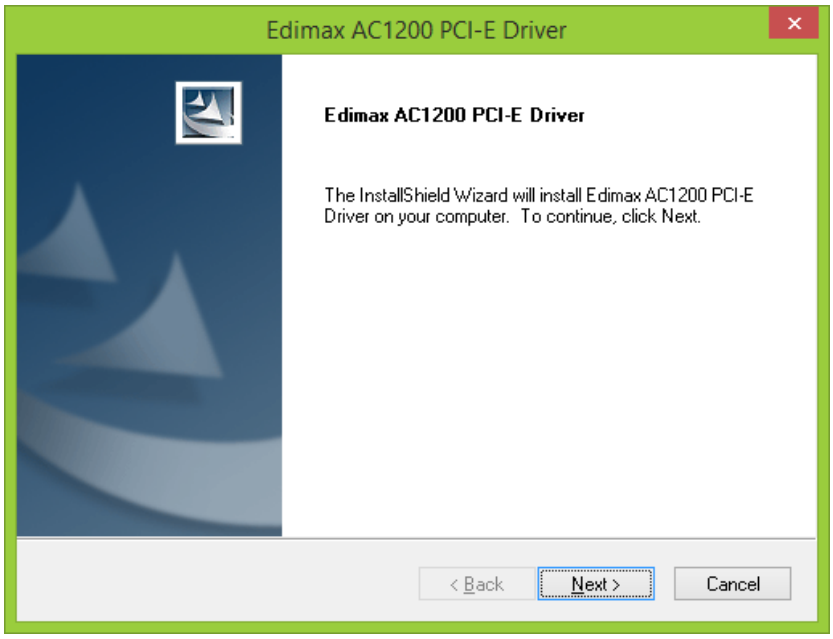


5. Aguarde enquanto o assistente de configuração prepara a instalação dos controladores.



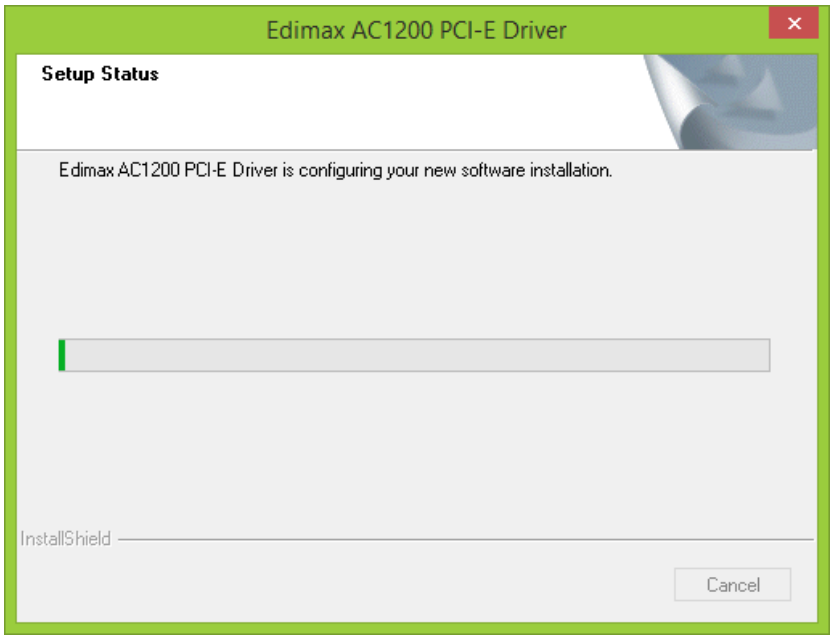
Edimax Wireless LAN - InstallShield Wizard
Edimax Wireless LAN Setup is preparing the InstallShield Wizard, which will guide you through the rest of the setup process. Please wait.
Cancel

6. Clique em “Next” (Seguinte) para instalar o controlador.

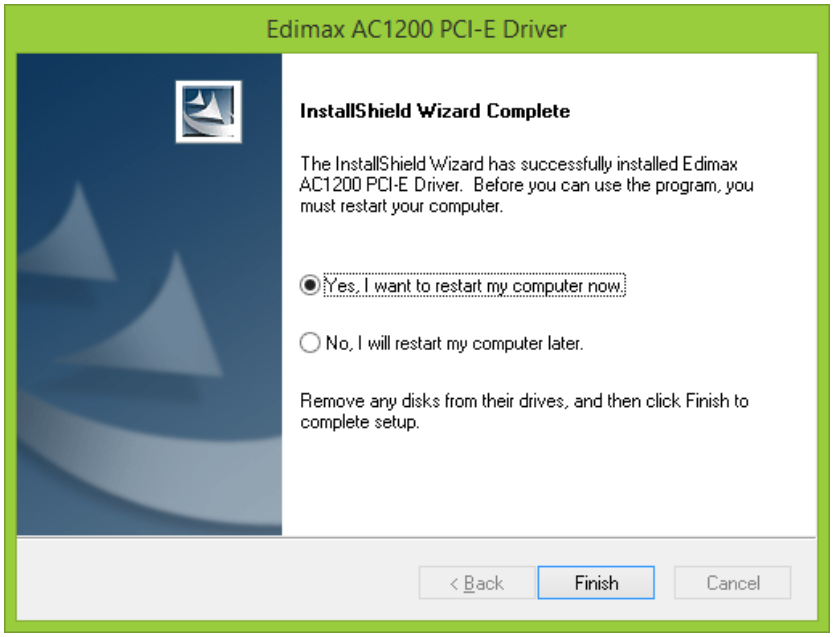


Edimax AC1200 PCI-E Driver
Edimax AC1200 PCI-E Driver
The InstallShield Wizard will install Edimax AC1200 PCI-E Driver on your computer. To continue, click Next.
< Back
Next >
Cancel

7. Aguarde até o controlador estar instalado.



8. Quando a instalação estiver concluída, seleccione se pretende reiniciar o computador agora ou mais tarde e clique em “Finish” (Terminar).



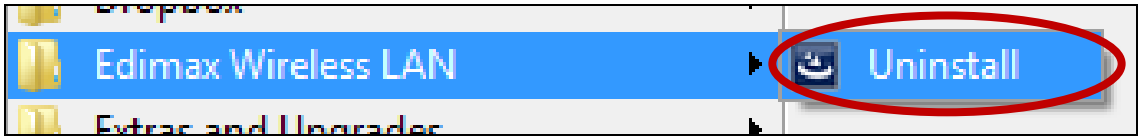
Edimax AC1200 PCI-E Driver
InstallShield Wizard Complete
The InstallShield Wizard has successfully installed Edimax AC1200 PCI-E Driver. Before you can use the program, you must restart your computer.
Yes, I want to restart my computer now.
No, I will restart my computer later.
Remove any disks from their drives, and then click Finish to complete setup.
< Back
Finish
Cancel

9. Depois de reiniciar, não pode estabelecer ligação a uma rede Wi-Fi disponível, como habitual. Para saber como fazê-lo, consulte **IV. Utilizar o adaptador.**

III-2. Desinstalação do controlador

III-2-1. Windows XP/Vista/7

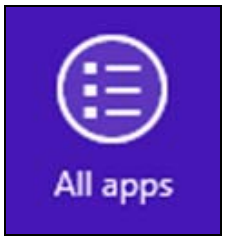
1. Vá para **Start > Programs > Edimax Wireless LAN > Uninstall (Iniciar > Programas > Rede local sem fios da Edimax > Desinstalar)**.



2. Siga as instruções no ecrã. O assistente de desinstalação irá orientá-lo durante o processo.

III-2-2. Windows 8/8.1

1. Clique em qualquer local no ecrã “Start” (Iniciar) e, em seguida, clique no ícone “All apps” (Todas as aplicações) no canto inferior direito.

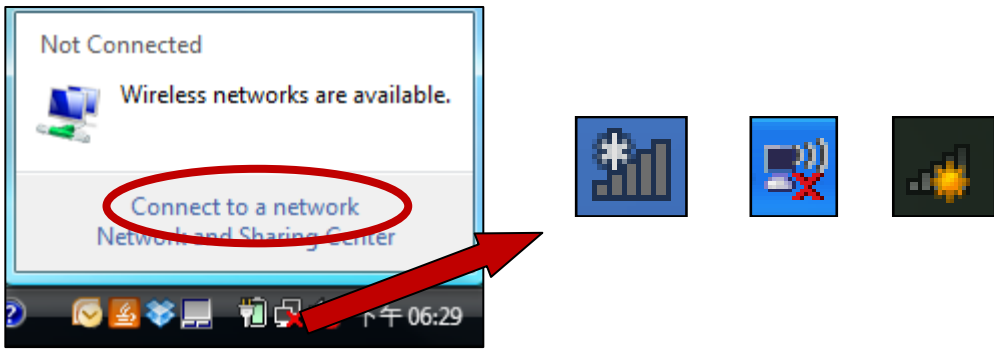


2. Localize a categoria Edimax Wireless LAN (Rede local sem fios da Edimax), seleccione “Uninstall” (Desinstalar) e siga as instruções apresentadas no ecrã.

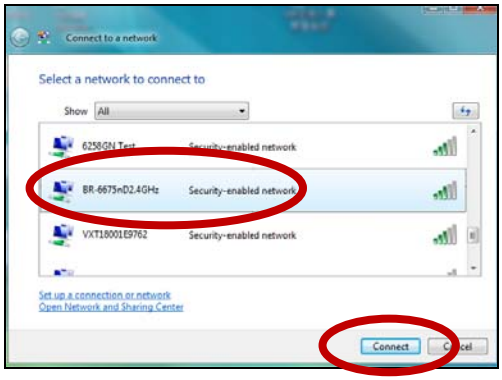
IV. Utilizar o adaptador

Depois de instalar o controlador, pode estabelecer ligação a uma rede Wi-Fi como habitual.
Segue-se abaixo um exemplo de como estabelecer ligação utilizando o Windows Vista - o processo pode variar ligeiramente de outras versões do Windows.

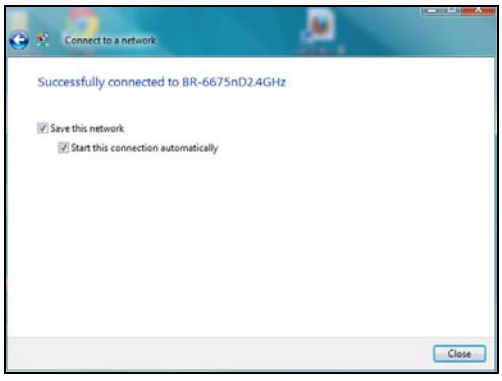
1. Clique no ícone de rede (os exemplos são mostrados abaixo) no tabuleiro do sistema e seleccione “Connect to a network” (Ligar a uma rede).



2. Procure o SSID da sua rede Wi-Fi e, em seguida, clique em “Connect” (Ligar). Se especificar uma palavra-passe para a sua rede, ser-lhe-á solicitado para introduzi-la.



3. Depois de introduzir a palavra-passe correctamente, terá acesso à sua rede Wi-Fi.



V. Resolução de problemas

1. A minha velocidade Wi-Fi parece lenta ou não atinge velocidades de 802.11ac.

a. Para usufruir de velocidades Wi-Fi de 802.11ac, é necessário estabelecer ligação a um router Wi-Fi 802.11ac.
b. Pode estar a utilizar a velocidade da Internet e não a sua velocidade de rede local. As velocidades de Internet são limitadas pela largura de banda da Internet prestada pelo seu fornecedor de serviços. Websites como www.speed test.net testam a velocidade da Internet e não a velocidade da sua rede interna. A transferência de ficheiros entre dois computadores locais permite-lhe conhecer a sua velocidade de rede.
c. Verifique se as antenas estão fixadas nas portas ou na base da antena. Coloque a base da antena num local com menos obstruções ou coloque as antenas em ângulo para usufruir de um melhor desempenho.

2. Inseri o adaptador PCIe e instalei os controladores, mas não consigo estabelecer ligação a qualquer rede Wi-Fi.

a. Vá para o painel de controlo e desinstale o controlador EW-7822PIC. Verifique se todos os programas anti-vírus estão desactivados. Em seguida, instale de novo o controlador EW7822PIC.

Federal Communication Commission Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio technician for help.

FCC Caution

This device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the authority to operate equipment.

Federal Communications Commission (FCC) Radiation Exposure Statement

This equipment complies with FCC radiation exposure set forth for an uncontrolled environment. In order to avoid the possibility of exceeding the FCC radio frequency exposure limits, human proximity to the antenna shall not be less than 2.5cm (1 inch) during normal operation.

Federal Communications Commission (FCC) RF Exposure Requirements

This EUT is compliance with SAR for general population/uncontrolled exposure limits in ANSI/IEEE C95.1-1999 and had been tested in accordance with the measurement methods and procedures specified in OET Bulletin 65 Supplement C. The equipment version marketed in US is restricted to usage of the channels 1-11 only. This equipment is restricted to ***indoor*** use when operated in the 5.15 to 5.25 GHz frequency range.

R&TTE Compliance Statement

This equipment complies with all the requirements of DIRECTIVE 1999/5/EC OF THE EUROPEAN PARLIAMENT AND THE COUNCIL of March 9, 1999 on radio equipment and telecommunication terminal equipment and the mutual recognition of their conformity (R&TTE). The R&TTE Directive repeals and replaces in the directive 98/13/EEC (Telecommunications Terminal Equipment and Satellite Earth Station Equipment) As of April 8, 2000.

Safety

This equipment is designed with the utmost care for the safety of those who install and use it. However, special attention must be paid to the dangers of electric shock and static electricity when working with electrical equipment. All guidelines of this and of the computer manufacture must therefore be allowed at all times to ensure the safe use of the equipment.

EU Countries Intended for Use

The ETSI version of this device is intended for home and office use in Austria, Belgium, Bulgaria, Cyprus, Czech, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Turkey, and United Kingdom. The ETSI version of this device is also authorized for use in EFTA member states: Iceland, Liechtenstein, Norway, and Switzerland.

EU Countries Not Intended for Use

None.

EU Declaration of Conformity

English: This equipment is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC, 2009/125/EC.

Français: Cet équipement est conforme aux exigences essentielles et autres dispositions de la directive 1999/5/CE, 2009/125/CE.

Čeština: Toto zařízení je v souladu se základními požadavky a ostatními příslušnými ustanoveními směrnic 1999/5/ES, 2009/125/ES.

Polski: Urządzenie jest zgodne z ogólnymi wymaganiami oraz szczególnymi warunkami określonymi Dyrektywą UE 1999/5/EC, 2009/125/EC.

Română: Acest echipament este în conformitate cu cerinţele esenţiale şi alte prevederi relevante ale Directivei 1999/5/CE, 2009/125/CE.

Русский: Это оборудование соответствует основным требованиям и положениям Директивы 1999/5/EC, 2009/125/EC.

Magyar: Ez a berendezés megfelel az alapvető követelményeknek és más vonatkozó irányelveknek (1999/5/EK, 2009/125/EC).

Türkçe: Bu cihaz 1999/5/EC, 2009/125/EC direktifleri zorunlu istekler ve diğer hükümlerle ile uyumludur.

Українська: Обладнання відповідає вимогам і умовам директиви 1999/5/EC, 2009/125/EC.

Slovenčina: Toto zariadenie spĺňa základné požiadavky a ďalšie príslušné ustanovenia smerníc 1999/5/ES, 2009/125/ES.

Deutsch: Dieses Gerät erfüllt die Voraussetzungen gemäß den Richtlinien 1999/5/EC, 2009/125/EC.
